## CAMERA SUPPORT EQUIPMENT

### PD1800 Pedestal

The PD1800 is a pro pedestalsystem that sets up with ease in minutes. Unfold the dolly legs into the D5 dolly, and your ready to go.

Constructed with a fixed air pressure column, tightly sealed for consistent reliability. Use the column lock knob to securely stabilize the unit for extensive shooting.

Maximum load capacity is 20 kg (44 lb).

This high performance pedestal system is a perfect solution for your shooting needs.

### PD-CH6

(CH6/PD1800/Dolly D5/S50/SDC-65)  
Dual Pan Handle + PB-5CS(L)

Case SDC-65

Case S50

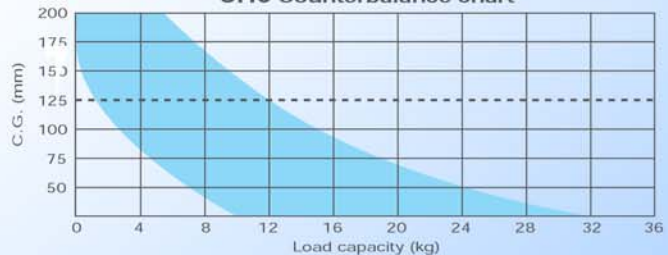

### CH6

The professional CH6 fluid head is the standard 100 mm series for DV, DVCAM, HDV, ProHD Camcorder, and XDCAM in an ENG configuration.

Great for all configurations weighing up to 15 kg.

The extensive variable counter balance and drag control offer precision, stability, and a quick easy setup.
